TENDERS

To Millers and others in the Northwest Ter-
ritories and in Manitoba West of the
First Principal Meridian only.

SEALED TENDERS, not opened by
the undersigned until the 20th April, 1886,
for One Hundred Pounds Sterling, and en-
dorsed "Tender for Flour," will be received
at the undersigned's Indian Agency, in the
North-West Territories, up to noon of
Thursday, the twenty-ninth of April,
1886.

AGENTS.

Edmonton.
Pence Hills.
Fort Macleod.
Blackfoot Crossing.
W. C. de Ballinval, Garcel service.

Forms of tender, giving full particulars
relative to the quality, quantity and points of
delivery of the flour required, may be had
on application to any of the above-named
Agents, or from the Indian Commissioner
for Manitoba and the North-West Ter-
ritories, Regina; and no tender will be en-
tered which is not made out on one of the
forms in the hands of the Agents or of the
Indian Commissioner for distribution to in-
tending tenders. Each tender must be
accompanied by an accepted cheque, ap-
proved by the Indian Agent for the District, for
at least five per cent of the amount thereof,
which will be forfeited if the tenderer de-
clines to enter into a contract when called
upon to do so, or if he fails to fulfil his
contract to the satisfaction of the Depart-
ment. If the tenderer prefers to do so he
may deposit with the Agent, in lieu of an
accepted cheque, the notes of any Chartered
Bank in Canada to an equal amount.
Cheques or cash accompanying tenders not
accepted will be returned, but a cheque de-
posited by a successful tenderer will be re-
tained until the satisfactory completion of
his contract. Each tenderer is required to
show in his tender the full value of all the
flour which he is prepared to deliver under
contract or his tender will not be considered.

Each tender must, in addition to the
signature of the tenderer, be signed by two
sureties acceptable to the Department, for
the proper performance of the contract.

Tenders will be entertained for a portion
of the whole quantity of flour required at
any given point.

Tenderers residing near our Agency but
desiring to tender for delivery within another
Agency further distant, may deposit the
tender and sample for their flour to be
forwarded at once from railway stations to
the nearest of the Agencies specified above,
or with the Indian Commissioner at Regina.

Samples of flour will be returned, if desired,
to unsuccessful tenderers on their ap-
plication, and the sample submitted by a
successful tenderer may be counted by him
as a delivery on account of his contract.

In all cases where transportation may be
only partly by rail, contractors must make
proper arrangements for their flour to be
forwarded at once from railway stations to
its destination in the Government Ware-
house at the point of delivery.

The lowest, or any tender, not neces-
sarily accepted.

L. VANKOUGNET,
Deputy of the Superintendent-General
of Indian Affairs.

Department of Indian Affairs,
Ottawa, 20th January, 1886.

FROM THE CAPITAL.

Ottawa, April 10.—All commis-
sions for officers in the Northwest
Mounted Police, except the follow-
ing, have been cancelled: Commis-
sioner Herchmer, Asst. Commis-
sioner Crozier, Superintendents Wm.
Herchmer, Cotton, McIlree, Gagnon,
Deane, Neal, Steel, Perry, Gries-
bach, McDonnell and Jarvis. Com-
missions for thirty-one inspectors
are retained.

The Minister of the Interior in-
troduced the Dominion Lands
Amendment Act. Many features
of the act are merely technical, and
others are already in practical oper-
ation. A homesteader may take
an affidavit before the senior clerk in
the absence of a local agent; groups
of intending settlers may authorize
any person they name to obtain en-
tries for them before their arrival in
the country; second homesteads are
abolished; pre-emptions will be dis-
continued after the 1st of January,
1890; applicants for patents must
give six months notice of such in-
tention; the land board may cancel
entries obtained through fraud,
errors or providence; homestead-
ers must commence cultivating
within six months of the date of
entry, but need not reside therein till
the third year.

Mr. McLellan, Minister of Fi-
nance, gives notice of a resolution
asking Parliament to ratify the
agreement between the Dominion
Government and the Canadian
Pacific. This agreement sets forth:
First—That the twenty million loan
be repaid in two instalments, the
first of which shall be paid on May
first, and the second half before July
first; that on payment of these two
instalments the land grant shall be
reduced sufficient at \$1.50 per
acre to extinguish the balance of
the thirty million dollars loan men-
tioned in 48 49 Vic., Cap. 57, that
is \$10,000,000; that upon the settle-
ment of this \$30,000,000 loan
all land grant bonds held by the
Government in excess of \$5,000,000
shall be cancelled, and the Ontario
& Quebec Railroad debenture stock
held by the Government returned to
the company, and the Government
shall authorize the company to
mortgage the Algoma branch to the
authorized amount by charter; that
upon doing this the company may
issue first mortgage bonds upon the
remaining lands granted to them.

The Government, on this being
done, will accept in exchange for
said five millions of bonds a sum
equivalent to that amount in the
new issue of bonds. These are the
details of the agreement, and resolu-
tions are proposed to carry them
into effect. It is also proposed that
on the completion of the contract
and the opening of the road for
traffic the shareholders of the com-
pany shall not be disqualified as at
present for the Senate and com-
mons.

In the House yesterday Sir
Apollphe Caron, replying to Mr. Ross,
said the teamsters who were en-
gaged during the rebellion had been
paid for their services and they
were not enrolled in the militia.
All non-combatants who were en-
rolled in the militia were entitled to
a land grant. The Prince Albert
volunteers were organized by the
Mounted Police and maintained un-
der their control, and as such were
not entitled to the land grant. The
advisability of not giving them as
well as other non-combatants the
land grant was being considered by
the Government. Claims of
volunteers wounded at the Duck
Lake fight to a pension were also
being considered.

Leghorn eggs for sitting can be ob-
tained at THE PROGRESS office.

JUSTICE TO THE NORTHWEST MOUNTED POLICE.

It having been recently an-
nounced that the widow of Police-
man Patrick Burke, who was killed
at Cut Knife, was refused the allow-
ance made to the families of volun-
teers who fell in the same service,
a distinction having been drawn be-
tween the volunteers and the
Mounted Police, to the exclusion of
the latter, Ex-Judge Ryan, to whom
was well known in the North West,
addressed a strong remonstrance to
Ottawa against such an unjust
and hurtful distinction, and yester-
day he received a letter from a
Cabinet Minister, dated 6th inst.,
informing him that "it was now pro-
posed to deal with the families of
the Mounted Police in the same
way as the families of volunteers,
and that the family of Burke will
therefore get the same pension or
allowance as if he had been a
volunteer when killed." This will
be good news for Mrs. Burke and
her six children, two of whom,
young lads, are in the St. Boniface
College.—Free Press.

FORT QU'APPELLE.

We took a trip to Fort Qu'Ap-
pelle on Saturday last, and as might
be expected when the farmers are
seeding, business was quiet. When
we descended into the valley and
saw the town reposing gracefully
between the picturesque hills on
either side of the valley, we were
forcibly struck with the beauty of
the situation chosen for the town.
The hills on the south side of the
valley are clothed with trees, but
they are bare on the north side.
The town is built on a piece of land
lying between two fine lakes in
which fish are abundant. Taken
altogether the situation is one of
beautiful repose, and would be a
grand site for a city of considerable
population if there was a possibility
of sewer drainage, which we under-
stand is not the case, as the level of
the town plot is not sufficiently
raised above the level of the lakes.
Be that as it may, unless the town
settles railway communication its
growth will be so far checked that
it will not become a place of any
importance. By way of profession-
al courtesy we called at the Vidolet
office and found the Procter Bros.
actively engaged in their business.

We also met Mr. T. W. Jackson
on the street and he invited us up
to his office to give us some railway
news. He informed us that he had
just received a letter from Ottawa
that gave strong assurances of the
Qu'Appelle and Wood Mountain
Railway receiving a land grant from
the Dominion Government. This
road is to connect the Fort with
Qu'Appelle on the C. P. R., thence
running to Wood Mountain. The
proposed extension northward from
the Fort will be toward the North
end of Lake Winnipegosis, and to
connect with the Hudson's Bay
Railway. This will become a very
important line and one that should
be fostered by the Dominion Gov-
ernment.

The municipal council was in
session when we called at the office
of the clerk, Mr. H. A. J. Macdon-
ald. The council had resolved itself
into an audit committee, and were
going through the books of the
municipality. We took a look at
the style in which the books were
got up, and were somewhat sur-
prised at their expensiveness. They
are much more elaborate and costly
than any young municipality in a
new country requires; and if the
Council is as extravagant in other
matters as they were in the matter
of books, we do not wonder that
the taxes are high.

GRESS office for subscriptions.

OUR TERMS.

We have placed our yearly subscription at the low rate of ONE DOLLAR, with the object of enforcing advance payment. We can much better afford to publish a paper at that price when we know that every paper going out is paid for, than if we took the chances of collecting accounts at a higher figure. Besides we will thus speedily secure a larger circulation, which will enhance the value of our advertising columns. So dear reader send us your name and a dollar, and get your neighbor to subscribe, and you will obtain full value for your money in interesting reading from now till January 1st, 1887.

SPRINGTIME.

WRITTEN FOR THE "QU'APPELLE PROGRESS."
By G. F.

The Spring in its beauty is dawning upon us;
The merry bird sings in the green budding tree,
And the winds softly join in the sweet swelling chorus,
As they play thro' the willow in frolicsome glees.

The snow disappears from each valley and mountain,
Dissolved in the warmth of the sun's golden rays,
Each hillside runs down like a bright crystal fountain,
And rippling sings in sweet musical lays.
The frogs croak a welcome to beautiful Springtime;
The fish leap with glee in the sun-glinted stream,
And fast through the water do chase the bright sunshine,
As if they would capture each bright golden beam.

The fair goddess Flora, awakes from her slumber,
And yawning, doth breathe a new life over all,
Till flowers are peeping in countless numbers,
Which spring into being and bloom at her call.
Not Forgive, March 30th 1886.

FIGHTING DEATH.

The Greenville Banner tells the following pathetic story of a man fighting death, that he might live long enough to say good-bye to his wife, his best beloved, but the effort was a vain one:

Conductor Fraser, of the International & Great Northern Railroad, tried to fight off death for a few hours, in order that he might see his wife. He had been shot by a tramp, and had been taken to Tyler, Texas, in a dying condition.

"Help me fight back this cruel death, boys, until my wife gets here," said the dying man, cheerily.

The doctors had already told him that he could live only a few hours. With a calm courage he heard the verdict, and called all of his wonderful force to his aid in the struggle to live.

"Tell me exciting stories," he said to the boys around his bed, "for I must make this run till she comes."

And the boys did laugh and tell big stories, poor fellows, when their stout hearts were filled with sad regrets. The hours sped rapidly by; the merry voice of the conductor grew fainter and fainter, but his courage never faltered.

A telegram from his wife, in answer to one sent to her some hours before, was brought into the room and read. She was coming on a special train, the road was cleared for her passage, and with lightning speed her train was annihilating distance. What a race! A young woman in the full flush of love and new life pitted against death, the king of terrors. The news moved Fraser for a moment, and his efforts to keep up were renewed. A little later another telegram.

"Old boy," whispered a brakeman, she will be here in an hour."

"Turn me over, boys," he whispered.

It was done. He whispered to an attendant,—"Charley, I cannot run on this schedule—good-bye!" He was dead.

ELEGANT HANDS.

A pretty hand can be no more unfashionable than a pretty face, but just now, we are told, it is particularly "the fashion" to display a pretty hand.

That elaborate box of nonsense, the nail-case, made of plush or satinwood and filled with attractive little implements never used, is in more than usual request.

Girls spend an hour at a time polishing away with pink powder and a bit of chamois leather, or, with an instrument made for the purpose, carefully pushing back the slight film of skin that obscures the white crescent at the base of the nail. A freckle on the back of the hand fills them with dismay, and causes an instant demand for lemon juice.

A red hand sets the owner to searching domestic recipes for the proper composition of almond-paste. A tendency to knobbiness of wrist or knuckles plunges the victim into despair.

There is good in all this, but the

thing may be carried too far. A young lady's hands should be well cared for and pleasing to behold, but there are some blemishes possible upon its beauty which no one should become unwilling to incur. Such is the puckered appearance of the hand of a young lady who has recently washed dishes, or the stained fingers of the preserve-maker; and who would not regard the row of blisters along a rosy palm that has not disclaimed to grasp the flat-iron as honorable scars, no more to be considered a disfigurement than the sword-cut on the forehead of a soldier?

The prettier your hands the better young ladies, until they become too pretty to be useful. The plump, smooth, white hand with a ring upon it is a charming thing, but the hand that is redder and rougher, and does good work, has the first claim upon our admiration.

Sam Jones, the evangelist, has been giving the girls a special sermon in Chicago. There were over 4,500 present. Among other things he said: "Girls, watch your company. An angel from Heaven could not keep some company that girls do in Chicago and not be corrupt. Pure noble girls stand alone on this earth for beauty and glory. Boys go in bad company, but the hope of the land is in its pure girls." Mr. Jones indulged in a long discription and denunciation of the perfumed young man, and described a chase of young ladies after a spider-legged dude. Some mothers, he said, fixed their daughters to be damned. They insist on having little parties for their children. A little party is a big party in short clothes. Then comes the big party and then the hugging German. I want to have the grass growing on my grave when my daughters are attending Germans. After the Germans, then what? I will not go further. Take the words of a profound priest who says that at his confessional nineteen out of every twenty young women who had strayed ascribed their fall from purity and virtue to the influences of the ballroom.

One of the Best Family Newspapers in the Dominion, for one year.

THE WEEKLY MANITOBA

Is a twelve-page, well edited paper, and gives the weekly news record, embracing

Latest Cable Intelligence,

Canadian News in Detail,

And the most complete record to be found anywhere of the

News of Manitoba & the Northwest.

This last department has been made a strong feature of the paper.

In addition,

The Family Department

Embraces an interesting serial, general reading for leisure moments, chat, and valuable household recipes. New features lately introduced are the

Medical, Veterinary & Legal Departments,

Conducted by skilled practitioners, who are prepared to give FREE OF CHARGE, through the columns of THE MANITOBA, answers to professional questions that may be sent them in a new country like this, with settlers remote from the conveniences of old-established communities, these departments cannot fail to prove of great value, and to be worth many times the amount of the subscription to the paper. Two dollars for medical, veterinary and legal advice during the year, with a first class newspaper thrown in, is a good investment.

Editorially,

The paper will be kept to a high standard, and will be found a firm advocate of the true interests of Manitoba and the Northwest, and at the same time giving a loyal support to the Conservative party.

BATTLEFORD.
From the Herald.
—Messrs. Wyll & Bourke put in ten acres of wheat with the seed on the 30th of March. Ploughing will be general this week.

—The Board of Education have appointed Mr. P. G. Laurie Inspector of Protestant Schools in Battleford District, and Mr. E. Richard to be Inspector of Roman Catholic Schools in the same territory.

—Mr. J. M. Rae, at one time Indian Agent here, and latterly of Prince Albert, has been appointed Inspector of Indian Agencies, in place of L. W. Herchmer, who has received another appointment. Mr. Rae's many friends will be glad to learn that his duties will not take him altogether out of the country.

—Already evidences are everywhere that building operations will be begun at an early day on a scale unprecedented in the history of the town. Logs for a large number of buildings have been brought in, and many people are anxiously awaiting the opening of the river to get down material from above. The saw-mills have been made ready for a heavy summer's work, and in addition to their own material, their yards are well supplied with customer's logs.

CONSUMPTION CURED.
An old physician, retired from practice, having had placed in his hands by an East Indian missionary the formula of a simple vegetable remedy for the speedy and permanent cure of Consumption, Bronchitis, Catarrh, Asthma, and all throat and Lung Affections, also a positive and radical cure for Nervous Debility and all Nervous Complaints, after having tested its wonderful curative powers in thousands of cases, has felt it his duty to make it known to his suffering fellow-men. Actuated by this motive and a desire to relieve human suffering, I will send free of charge, to all who desire it, this recipe, in German, French or English, with full directions for preparing and using. Sent by mail for addressing W. H. Allen, 149 Power's Block, Rochester, N.Y.

NOTICE.

SEALED TENDERS, addressed to the Surveyor General and enclosed "Tenders for Indian Supplies," will be received at the Surveyor General's Office, at the following times: Tuesday, 20th APRIL, 1886, for the delivery of Indian Supplies during the fiscal year ending 30th June 1887, consisting of Flour, Bacon, Cattle, Horses, Ammunition, Tanning, Soap, Coal, Bully, Agricultural implements, Tools, etc. etc. day paid, at various points in Manitoba and the Northwest Territories.

Points of tender, giving full particulars relative to the Supplies required, date of delivery, etc., may be had by applying to the undersigned or to the Indian Commissioner at Regina or to the Indian Office, Winnipeg. Parties may tender for each description of goods, or for any portion of each description of goods separately or for all the goods called for in the Schedules.

Each Tender must be accompanied by an accepted cheque in favor of the Surveyor General for at least five per cent of the amount of the tenders for Manitoba and the Northwest Territories, which will be forfeited if the party tendering declines to enter into contract when called upon to do so or if he fails to complete the work contracted for. If the tender is not accepted the cheque will be returned.

Tenders must make up the money columns in the schedule the total in money value of the goods they offer to supply, or their tender will not be entertained.

Each tender must be accompanied by the signature of the tenderer, be signed by two sureties acceptable to the Department, for the proper performance of the contract.

In all cases where transportation may be only partial by rail, contractors must make proper arrangements for supplies to be forwarded at once from railway stations to their destination in the Government Ware-house at the point of delivery.

The lowest, or any tender, not necessarily accepted.

L. VAN KORNHOUT,
Deputy Superintendent of General of Indian Affairs.
Department of Indian Affairs,
Ottawa, 3rd March, 1886.

PROCLAMATION.

VICTORIA, by the Queen of Great Britain,
In Council.
We, the Queen of Great Britain, do hereby declare that the following is the substance of the Proclamation made by Her Majesty the Queen, in Council, on the 10th day of March, 1886.

To all whom these presents shall come, when the same may concern.

WHEREAS by Ordinance No. 10, 1885, in relation to "An Ordinance to amend the Statute in relation to the planting of Forest Trees," it was enacted that the Lieutenant Governor may, by proclamation, direct that any land may be reserved for the purpose of planting forest and other trees.

AND WHEREAS the Council of the North West Territory have, by resolution, recommended that the 1st Saturday in the month of May be set apart for this purpose.

Now Know ye that under the authority vested in me as Governor, we hereby appoint Saturday the first day of May next to be observed throughout the territories as "Arbor Day" and by these presents command.

It is the duty of the residents of the said Territories to observe the above mentioned day as the planting of trees, and we require that all Municipal, Religious and Social Corporations be heartily co-operative for the purpose of an object which cannot fail to prove of great importance to the Territories.

Of which persons who have presented may obtain are required to have notice and govern themselves accordingly.

In testimony whereof we have caused the seal of the North West Territory to be hereunto affixed. Witness, His Honor E. Dewdney, Lieutenant Governor of the said Territories, at the Government House, Winnipeg, this 10th day of March, 1886.

GRAND
COLONIAL EXHIBITION
In London, England, 1886.
FORTY-FOUR THOUSAND FEET
RESERVED FOR CANADA.

First Royal Exhibition Commission since 1862.

THE COLONIAL AND INDIAN EXHIBITION to be held in London, England, commencing May 1st, 1886, is intended to be a scale of great magnitude, having for object to mark an epoch in the relations of all the parts of the British Empire with each other.

In order to give becoming significance to the event, a Royal Commission is issued for the holding of this Exhibition, for the first time since 1882, and His Royal Highness the Prince of Wales has been appointed President by Her Majesty.

The very large space of 54,000 square feet has been allotted to the Dominion of Canada by command of the President, His Royal Highness.

This Exhibition is to be purely Colonial and Indian, and no competition from the United Kingdom or from foreign nations will be permitted, the object being to exhibit to the world at large what the Colonies can do.

The grandest opportunity ever offered to Canada is thus afforded to show the distinguished place she occupies by the progress she has made in Agriculture, in Horticulture, in the Industrial and Fine Arts, in the Manufactures Industries, in the Natural Improvements in Manufactures, Machinery and Implements, in Public Works by Maritime and Domestic, also in an adequate display of her vast resources in the Fisheries, and in Forest and Mineral wealth, and also in Shipping.

All Canadians of all parties and classes are invited to come forward and vie with each other in endeavoring on the great occasion to put Canada in her true place as the premier colony of the British Empire, and to establish her proper position before the world.

Every farmer, every producer, and every manufacturer, has interest in assisting, it having been already demonstrated that extension of trade always follows such efforts.

By order,
JOHN LOWE,
Sec. of the Dept. of Agriculture
Ottawa, Sept. 1st, 1885.
